About me

So, I am Sameer Singh currently 20 years old.. Pursuing Web Development with a strong background in Frontend Development -> JavaScript, ReactJs, and have also worked on Backend as a service (Appwrite). Skilled in creating dynamic and responsive user interfaces, and adept at collaborating with cross-functional teams to deliver high-quality products. Possess a solid understanding of web development technologies, Frameworks, libraries (Clerk, Appwrite, Magixli, etc..) and a passion for staying updated with the latest trends in the industry. Committed to best of my knowledge to contribute to innovative projects and drive the success of the team.
